

Lotus Labs, why India's No 1 CRO??

Hi,

[Clinical trial regulations to be developed through consultative approach](#)

With clinical trials research having faced a slowdown since 2012 after repeated directives from the apex court on safety procedures followed in the trials, clinical research experts, however, say there is lack of clarity on the norms on which eligibility for compensation is decided among other issues.

[NABH issues draft accreditation norms for clinical trial sites, ethics committees & investigators](#)

The National Accreditation Board for Hospitals and Healthcare Providers (NABH), a constituent board of Quality Council of India, has issued draft accreditation standards for clinical trial sites, ethics committees and investigators. The NABH has prepared this draft document in consultation with various stakeholders for starting new accreditation programme.
